

The background of the slide is a grayscale image of musical staves and notes, creating a rhythmic and artistic atmosphere. The staves are curved and flow across the frame, with various musical notes and symbols scattered throughout. The overall tone is artistic and creative, reflecting the theme of rhythm in photography.

We've Got Rhythm

Rhythm In Photography

August 13, 2024

What Is Rhythm?

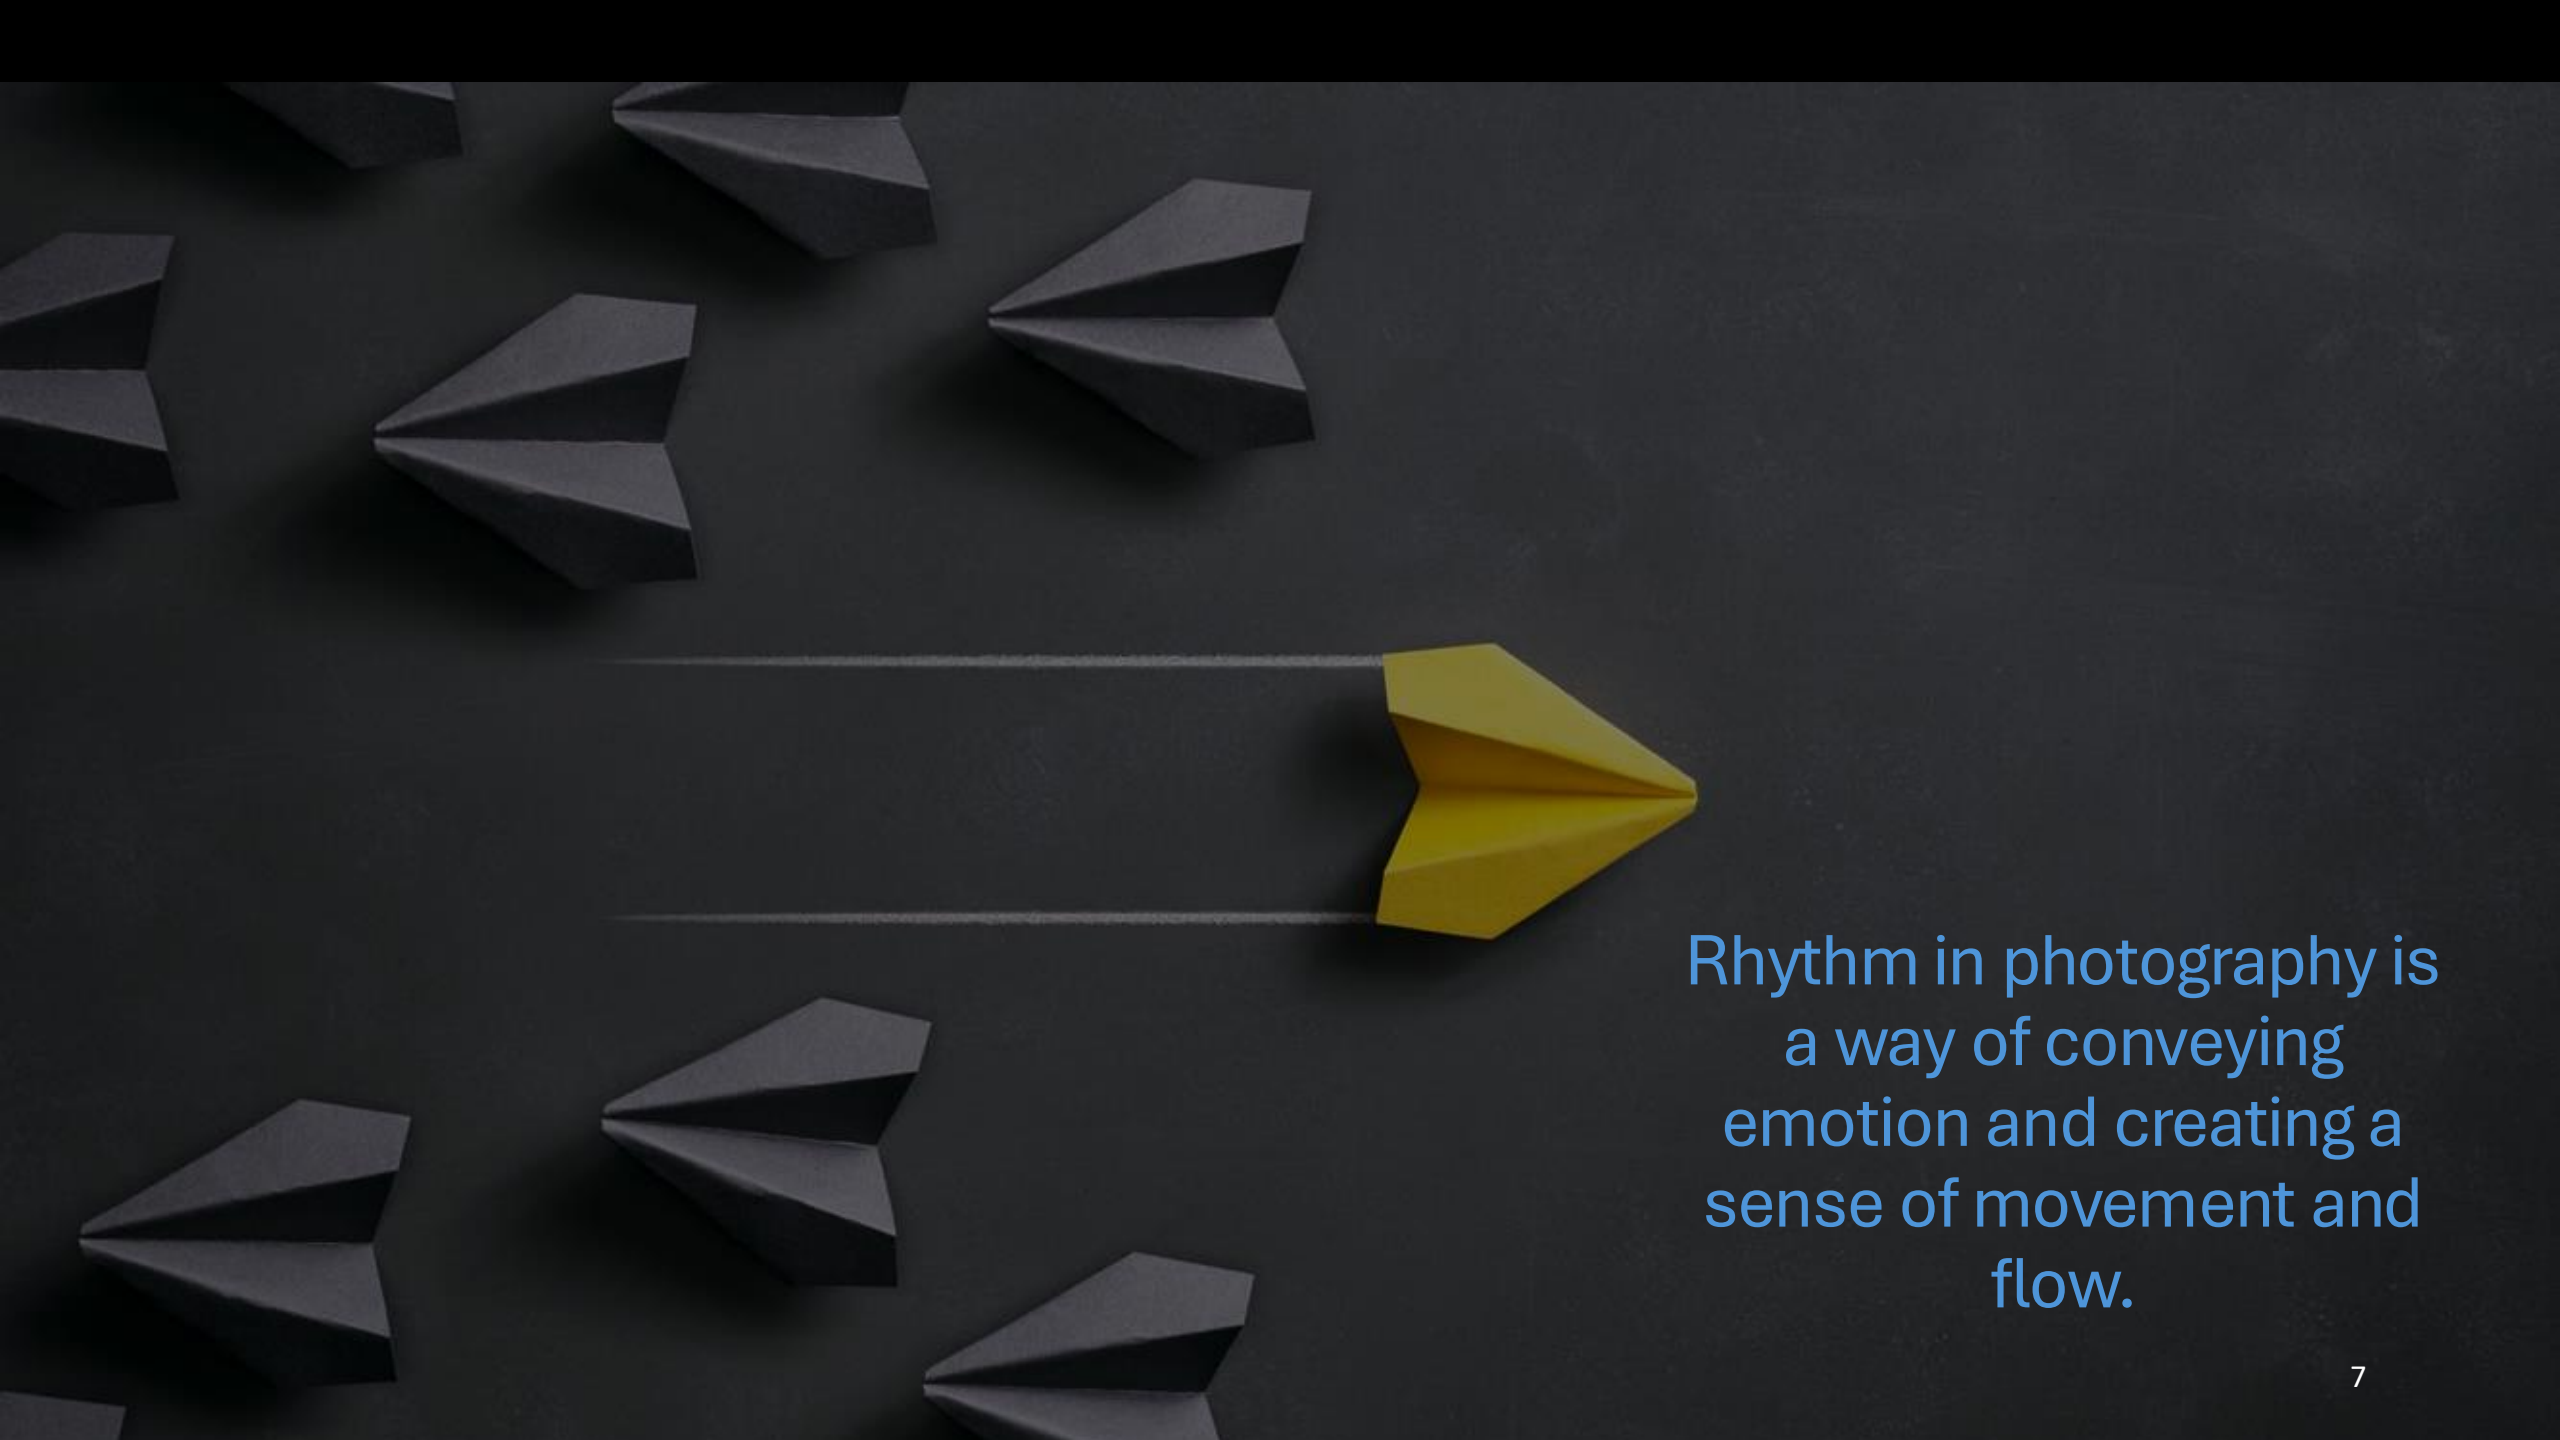

[https://music.apple.com/us/album/so-
what/268443092?i=268443097](https://music.apple.com/us/album/so-what/268443092?i=268443097)

A movement marked by the regulated
succession of strong and weak elements, or of
opposite or different conditions

Is there rhythm in
photography?

Rhythm in photography is
a way of conveying
emotion and creating a
sense of movement and
flow.

It is achieved by
the timing and
arrangements of
composition

There are a variety of
rhythms we can tap
into to strengthen our
compositions...
thoughts?

Look for...

- Patterns or shapes repeat
- Leading lines that guide the viewer's eye
- A sense of movement or flow in the image

Like music, there are different types of rhythm in photography

Repetition

Alternation

RHYTHM

Progression

Undulation

Repetition – similar elements repeating at regular intervals

Alternation - “AB” elements like stripes on a tie or black and white keys on a keyboard, alternating squares on a checkerboard or similar elements repeated across long, short, long short intervals

Progression – a series of “progressive” elements that change slightly and predictably with each iteration like a series of light posts that go from large to small with distance.

Undulation – a smoother, continuous progression of elements that rise and fall or weave left to right, up and down or diagonally. It is not necessarily predictable, e.g., wavy hair, blowing clouds, waves rolling up on the beach.

Shake it up!!!!

**Interrupt the
Flow!!!!**

Chaos...

**Any famous
photographers
come to mind?**

**Shoot mindfully
and thoughtfully –
always new things
to think about and
learn...**

Happy shooting!
